Career Center

A meaningful life is one of purpose and direction, chosen and carried out by every individual according to their talents, interests and passions. Pursuing relationships, vocations and activities adds richness and meaning to a person's life, as well as to the life of the community. At Creative Health Services we can help you develop your full potential as an integral member of our community. We will assist you in setting and achieving your personal and professional goals.

The Career Center provides support through the enhancement of skills and strategies necessary for obtaining and retaining meaningful employment.

Together we can:

- Develop strategies for work and school success;
- Understand workplace expectations and etiquette;
- Learn and practice appropriate interview skills;
- Identify and connect with educational opportunities;
- Explore reliable transportation options; and
- Provide opportunities for positive social connections and community interactions.

Our community is positively impacted as people demonstrate their belonging and worth when they have the opportunity to contribute as productive members of their families, workplace and society.
